PISTOL TOTE IS PUNISHED

J. L. JOHNSON IS SENTENCED IN CRIMINAL COURT TO SERVE TERM OF 45 DAYS IN JAIL AND THEN PAY A FINE OF \$100 OR SERVE THREE MONTHS ADDITIONAL.

No leniency is being shown the defendants in the criminal court this term, who are convicted on plead guilty to the charge of carrying concealed weapons.

Three defendants have already been before the court and drew jail terms and fines in addition, and yesterday appeared the fourth in the person of J. L. Johnson, who was charged with carrying a revolver concealed. He was given a jail sentence of 45 days and in addition is to pay a fine of \$100 and in default to serve three months.

Other cases disposed of were as follows:

U. A. Duffus, colored, convicted of stealing \$66, the amount paid him by one of the local banks through an error. He has not been sentenced.

Joe Clark, lewdness, \$10 or 45 days.

John Peterson, gambling, \$50 and costs or three months in jail.

Hilliard Isom, lewdness, guilty, but not sentenced.

Interesting Case Today.

This morning the interesting case of Cassidy, Anderson and Roach, each charged with impersonating an officer, will be called, and will probably occupy the entire day.

John D. Grether, grand master second veil, Jacksonville.

C. S. Bonacker, grand master first veil, Pensacola.

John W. Capper, grand guard, Jacksonville.

Every one was present except Grand Chaplain Webster, which was considered a remarkably good attendance for the first day.

WANTS ROUTE OF ROAD CHANGED.

A request has been filed with the board of county commissioners by D. W. McMillan asking that the route of the hard road leading to Millview, which passes through certain lots owned by him in the McMillan addition, be changed so as not to pass through his property, has been referred to the county attorney.

The route of the road was surveyed some time ago.

BABY-EASE

A LIQUID REMEDY FOR CHILDREN'S ILLS

PLEASANT—HARMLESS—EFFECTIVE

RECOMMENDED FOR

Constipation, Diarrhoea, Convulsions, Colic, Sour Stomach, etc. It destroys worms, allays feverishness and colds. It aids digestion. It makes Teething easy, promotes cheerfulness and produces natural sleep.

BABY-EASE is as good for older children as for babies—especially for school children whose sedentary habits make a mild laxative often necessary. It takes the place of calomel, castor oil and other drastic purgatives that often seriously derange the system. It is mild and gentle in action.

THE FUNERAL OF GEORGE CARO

REMAINS OF POPULAR YOUNG MAN PLACED AT REST YESTERDAY, REV. FATHER BRADY OFFICIATING.

The funeral of George Caro, who died Tuesday morning at his home at Warrington, occurred yesterday afternoon at 3 o'clock at that place, a large number of friends and relatives following the remains to the Warrington cemetery, where the interment was made, Father Brady officiating at the services at both the church and grave.

Mr. Caro was 40 years old and up to the time of his illness was engineer on the U. S. S. Poe. He was well-known in both Warrington and Pensacola, having for several years been engineer on different tug boats in the harbor.

He was the son of the late James and Clara Caro, being survived by his mother, two sisters and one brother.

The deceased was very popular in maritime circles in this city, having a large number of relatives and friends residing here. He was unmarried.

His jovial ways and pleasant characteristics won him a host of friends who regret exceedingly his death.

The pall bearers were Wm. Roach, Chris Reilly, Herman Davenport, Guy Hally, C. Wheat, Vincent Reilly.

ASSOCIATION OF EMBALMERS

THIRTEENTH ANNUAL CONVENTION BEGAN TUESDAY IN JACKSONVILLE—LECTURES TO BE DELIVERED.

The thirteenth annual convention of the Florida Funeral Directors and Embalmers' Association began in the auditorium of the Board of Trade Tuesday morning at 10 o'clock, says the Jacksonville Metropolis.

The meeting was called to order by President John G. Wood, of Pensacola, and the invocation and address were delivered by Rev. A. J. Coleman.

In the absence of Mayor W. H. Sebring, the address of welcome was delivered by George Couper, Gibbs, the response being made by Marcus Conant, of this city, vice president of the association.

The convention will be in session in this city for three days, during which time a large amount of work is scheduled for consideration. In addition to this a program of pleasure has been arranged which includes a banquet on the last evening of the convention.

The association has a membership of nearly a hundred and many other embalmers are expected to file applications for membership at this meeting.

Lectures to Be Given.

One of the features of the convention will be the lectures and demonstrations of Professor Charles A. Genung, of Waterloo, New York, a practical funeral director and embalmer of twenty years experience. He will give a lecture and demonstration at each meeting of the association.

The following are the officers of the association and the committees appointed at the last meeting:

President, John G. Wood, of Pensacola; first vice president, James A. Allen, of eDeLand; second vice president, Marcus Conant, of Jacksonville; secretary-treasurer, H. E. Wickersham, of DeFuniak Springs.

DAINTY SUMMER SHOWING Of Shimmering Sheer Materials

Just now we're all gone daft on the beautiful soft Summertime Materials--stuffs you'll surely need in a week or two and need badly. Cool. Crisp. Just the thing.

Noticed our showing this week?

Here you are: Good value, sheer White Corded and Checked Swisses, fine in a dozen different ways, from 15 to 25 cents per yard; white checked and corded Madras, used for making the seasons' latest idea on ladies' and gentleman's shirts for 20 and 25c per yard; solid colors and figured Flaxons, ring dots and spots, at 19 cents a yard--a right interesting value, this Flaxon, with its permanent linen thread finish, having all the merits of a handkerchief linen lawn, with double the strength and durability of India Linon and Persian Lawns.

You can use it for white waisting, suiting and underwear, and it washes Dee-Lightfully!!! It comes, too, in white checks and cords at 25 cents per yard.

Speaking of our fine stock of the season's sheer materials, there's our checked and plaided Lingerie materials, very soft and very filmy--just the daintiest thing in the world for the sweet girl graduate--(she'll need a lot of white anyhow, you know,) at 35 cents.

Our plain Lingerie cloth, at 25, 35, 45 and 50c per yard doesn't need a second thought. We can't supply the demand as it is, although we've recently received a full line of this particularly popular range.

New Arrivals Up Stairs

As usual, we're a world of new arrivals to announce in our up stairs ready-to-wear department. Beautiful linen Jumper Suits for the ladies--self trimmed, with an air and a snap about them that's strictly "Worth While;" scores of the season's Lingerie Dresses--the prettiest we've EVER had, (and that's saying something)--with a brand new line of ladies' shirts and dress waists.

One particularly worthy showing is that of our fine new line. (just arrived) in Ladies' Fine Silk Petticoats, in black, from \$5.00 up, and in colors from \$6.00 to the higher ranges.

All of which we're submitting as right good bargain news.

Chief Engineer Hatton Makes Final Report on the Sewerage System

(Continued From First Page)

present herewith. I cannot, however, attach my signature to it as approved until the exceptions noted above as defects in the system are remedied. There will, however, be no additions to this statement except the filling in of the time of delay which I will do when I return the first of June.

CAN NOW CONNECT.

"There is no longer any reason why house connections should not be made with the sanitary sewerage system as rapidly as the proper city official issues the permits as such connections cannot affect my final acceptance of the work."

"In making my examination I wish to state that, to the best of my knowledge and belief, I have seen through every foot of the sewers and drains, with the exception of the sewer on Zarragossa street from Palafox street to DeVilliers street, which was running too full of sewage for me to enter, but I inspected this sewer about one year ago and found it then in good condition. Of course, I have not been able to look through the cast iron outlets in the bay at the foot of Ninth avenue and DeVilliers street, but the former was inspected very carefully by me immediately after being laid, and in order to satisfy my mind as to the condition of the latter I have had a diver examine every foot of it under our immediate direction and enclose with this report his sworn statement as to its condition, which he found to be entirely satisfactory. I therefore have no further hesitancy in accepting it."

SEWERS IN FINE CONDITION.

"I am quite pleased to report that the condition of the sewers and drains is far superior to what I had expected to find it, in view of the unusual difficulties encountered in the very wet soil in the southern section of the city. The pipes, with the few exceptions noted in the beginning of this report, are practically clear of sand, and are practically straight to line, and grade, and I feel sure that with the proper care and maintenance over the system, you will have no difficulty in getting the very best service."

"However, until the system is very generally used so that the pipes may run nearly one-half full, as they were designed to do, some minor stoppages may be expected. The system as designed is a water carriage system, and unless you have sufficient water passing through the sewers to carry along to the outlets all matters held in suspension you are, of course, likely to get an occasional stoppage due

to the matters in suspension becoming stranded upon the bottom and sides of the pipes, it will therefore be quite necessary for you to maintain a systematic flushing service in addition to that given by the automatic flush-tanks built on the dead ends of most of the sewers. Many of these flush-tanks are not connected with the water mains because there are no water mains within a block or more of them, and until the mains are extended these flush-tanks cannot be of any service, and yet they are principally located at the dead ends of long lines of sewers upon which but few houses will be connected for some time to come."

"Accompanying this report is a statement in brief of the cost of the work done in the city of Pensacola under my supervision."

"Thanking you for your uniform kindness and courtesy to me and to my representatives while engaged upon this work, and hoping my services have met with your approval, I beg to remain,

"Yours very truly,

"T. CHALKLEY HATTON,

"Consulting Engineer."

"I might add that there is a little work yet to be done under my supervision in completing the improvements to the water works. This consists of connecting up the well pipes with air, the setting of a few new fire hydrants and the connecting of the 10-inch water main at the intersec-

tion of Palafox and Government streets. This will be done by Mr. Rommel as soon as possible."

ROBBERS GOT MAIL BAG.

Lexington, Ky., May 11.—A special from Cattleburg says robbers stole a mail bag from the Chesapeake and Ohio railway station there, took it to a field near by and rifled it. It is believed a considerable sum of money was secured as many empty envelopes were found later. A similar robbery occurred at Georgetown near here two months ago.

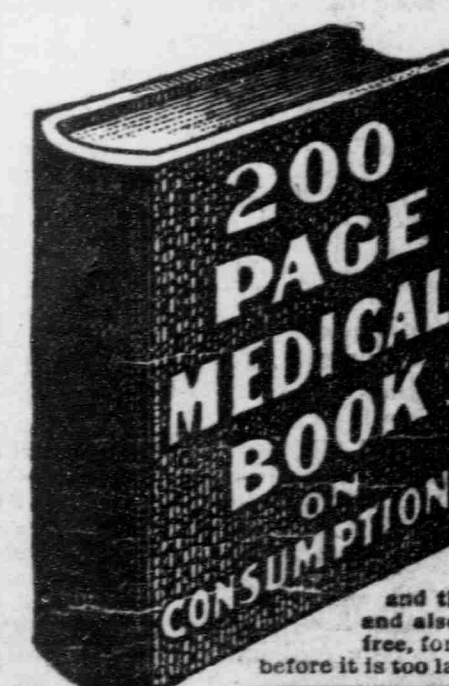

THREE KILLED IN WRECK.

Kansas City, May 12.—Information received at the general offices of the Missouri, Kansas and Texas, at Parsons, Kan., say an engineer and two laborers were killed and several passengers injured, none fatally, in a wreck near Bonita, Texas, which appears to have been a collision between passenger and freight trains.

DISASTROUS PRAIRIE FIRE.

Amarillo, Texas, May 12.—Parties returning from Castro county tell of a disastrous prairie fire that swept that portion of the Pan Handle Saturday and Sunday. Col. T. X. Her-ring, of this city, was the heaviest loser, the flames sweeping thirty sections in one body on his ranch.
